

K-Love 88.9 is the main radio station I listen to in the Oklahoma City area. I listen to it in the mornings as I get ready for work, on the way to work, on the way home and whenever else I have the opportunity. I have also discovered more businesses tuned to K-Love in the OKC area. It is nice to have a Christian radio station that the entire family can enjoy listening to as a family or individually. I would hate to see K-Love replaced with an LPFM broadcaster as I have listened to other Christian stations and K-Love by far provides the best programming in the OKC area. Each time I travel, the first thing I do when arriving in the area is look for a K-Love station. I am always disappointed when I am unable to locate one. PLEASE...do not replace my favorite radio station with an LPFM.
